COLLECTION

Tacchini

Tacchini has been creating timeless furniture and accessories since 1967. Renowned for its refined design philosophy, the brand combines respect for tradition with openness to innovation. Its collections, distinguished by classic design taste and impeccable quality, express a language in delicate balance between formal rigor and poetry, understatement and boldness, sophistication and simplicity. But for Tacchini, style is above all a state of mind. It manifests in respect for people, materials, craftsmanship, the environment, and history, in continuity with the teachings of the great masters.

Founded in Seveso, in the production district of Brianza, the company established half a century ago by Antonio Tacchini is today a reference point for Made in Italy. Under the guidance of his daughter, Giusi Tacchini, CEO and Art Director, it continues to interpret its original values through collaborations with international designers and local artisans: an extraordinary synergy that enhances the unique ability of Brianza to transform ideas into products of excellence – the icons of tomorrow.

The objects created by Tacchini are unmistakable, but their understated elegance never steals the spotlight. They are discreet and reliable companions, ready to adapt harmoniously to the environments in which they are placed and to the lives of those who choose them. With their unique stories, they become part of someone else's history.
